Skirting4Less Limited is a reputable manufacturing firm that produces custom-made skirting boards, architraves, windows boards, and other MDF products. We take pride in our high-quality designs and have established ourselves as a trusted platform for interior designers, property developers, tradespersons, and DIY enthusiasts.

We seek a skilled and detail-oriented Carpenters and Joiner to join our production team. As a Carpenters and Joiner, you will be responsible for operating and maintaining various machines used in the manufacturing process, including but not limited to:

- Beam Saw
- Auto Line Spray Machine
- Spindle Moulders
- Planer
- Panel Saw
- Sander
- Packing Machine
- Wrapping Machine

Full training will be provided to the suitable candidate to operate the above machines.

Responsibilities:

- Set up, adjust, and operate the assigned machines according to product specifications and production requirements.
- Monitor machine operations and ensure smooth running, making any necessary adjustments to maintain optimal performance.
- Perform routine maintenance and cleaning of machines to ensure their proper functioning.
- Troubleshoot and resolve minor machine issues, escalating complex problems to supervisors or maintenance staff.
- Conduct quality checks on finished products to ensure they meet the required standards and specifications.
- Follow safety protocols and maintain a clean and organised work area.
- Collaborate with team members and supervisors to achieve production targets and meet deadlines.
- Comply with company policies, procedures, and guidelines.

Qualifications:

- High school diploma or equivalent; technical certification or vocational training in machine operation is a plus.
